Cezanne Formaldehyde-Free Restructuring Treatment

\$255.00

Smoother, more manageable, healthier hair that lasts for months The Cezanne System is the transformational, long-lasting and safe salon restructuring treatment that brings hair to its ideal, most beautiful condition without the harmful chemicals found in other straightening or smoothing products.

Cezanne is not a formaldehyde keratin treatment, so don't expect identical results. Cezanne doesn't kill the curl the way harsh toxic chemical treatments can. It leaves your hair with some natural curl that readily accepts any style you choose – from a flat ironed 'pin straight' look, to beach waves or bombshell curls and back, with the assistance of common styling tools and products. – all without exposing you or your stylist to harsh or toxic chemicals.

- Reshapes the structure of the hair to create smoother hair with less frizz
- Makes hair smoother and more manageable so you have more styling options—easily create a pin-straight and sleek look with a few passes of your flat iron, then change to bombshell curls and back again, whenever desired
- Allows hair to be immediately styled or colored after treatment—no waiting for days without washing, styling or coloring like with other keratin treatments
- Does not wash out—as the hair grows out you can treat regrowth to keep hair looking beautiful longer
- Is safe for stylists and clients—there are no harmful chemicals, irritating fumes, formaldehyde and other aldehydes, ammonium thioglycolate, sodium hydroxide (lye) or guanidine carbonate ("no-lye")
- Contains the maximum amount of keratin that the average person's hair can absorb so hair is left healthier, stronger and shinier

Easy-to-use and ready-to-wear

There are no exclusions due to hair type. Cezanne is appropriate for anyone with healthy wavy, curly, kinky or frizzy hair who appreciates styling versatility and are not looking for air dried 'pin straight' hair. There is no need to live with hair full of greasy product for 48 hours or more. Immediately go from the salon to the beach, pool or gym without having to worry about keeping hair dry or straight. There are no limitations on how to style hair or how often root touchups can be done.

Hair Colour

Styling charges are not included in colour service pricing. Styling is included in a haircut if combined with colour services or you may add on a blow dry "a la carte" at a reduced rate. Basic styling is complimentary with an Associate Designer upon availability. Consultations with a service provider are always complimentary and ensure the most accurate pricing.
